USER-DRIVEN INNOVATIONS

Instead of making assumptions about what users need, we set out to deliver disruptive innovation by getting out on the jobsite, alongside trade professionals, to understand their challenges—the frustrations, needs, and previous limitations. We set out to completely rethink a solution with new-to-world technology and unparalleled levels of design and engineering. Whether it’s bringing cordless power to traditionally corded or gas products and manual activities, or advances to fundamental tools and equipment, we are dedicated to improving workplace productivity and safety.

M12 FUEL® 3/8” Digital Torque Wrench w/ ONE-KEY™

The M12 FUEL™ Digital Torque Wrench w/ ONE-KEY™ is the industry’s first torque wrench with a motor, delivering increased productivity, precise torque accuracy, and user demanded reporting functionality. The torque wrench delivers up to 50% faster installation time, replacing the hand tool or two tool installation process and providing accuracy within 2% for torque critical fasteners. This battery powered torque wrench is equipped with MILWAUKEE® ONE-KEY™ giving you the power to record all the fasteners and produce a downloadable report via ONE-KEY™.

M18® FORCE LOGIC™ 10 Ton Knockout Tool

The MILWAUKEE® Knockout System makes every step in the hole making process both faster and easier. The EXACT™ Punches and Dies are set up separate from the tool for extreme ease of use, utilizing a quick-connect alignment system that allows users to snap the tool onto the punches and dies without fighting against its weight and pull the trigger to punch the hole with ease.

M18 FUEL™ 8-1/4” Table Saw w/ ONE-KEY™

The world’s first 18V table saw, the M18 FUEL™ 8-1/4” Table Saw w/ ONE-KEY™ generates the power of a 15 amp corded saw. With a rp motor capacity up to 24-1/2" and a vertical capacity up to 2-1/2" to tackle 2x dimensional lumber, this saw boasts the impressive capacity that users have come to expect on a traditional corded table saw. Equipped with ONE-KEY™, users can also easily track, manage, and secure the table saw through the ONE-KEY™ app on their phone.

M18® FORCE LOGIC™ Press Tool

The M18® FORCE LOGIC™ Press Tool is the industry’s first in-line brushless press tool, delivering 30% more run-time per charge, 10% faster cycle time and the single longest calibration interval in the industry at 50,000 cycles, all in a solution that’s 20% lighter than the leading competitor. The M18® FORCE LOGIC™ Press Tool is compatible with over 13 unique fitting systems offering 1/2" to 4" capacity, providing the highest level of press accuracy and reliability to plumbers and mechanical contractors.

M18 FUEL™ 7/16” Hex Utility High Torque Impact Wrench w/ ONE-KEY™

Core for Linemen, the MILWAUKEE® M18 FUEL™ 7/16” Hex Utility High Torque Impact Wrench w/ ONE-KEY™ was the first of its kind to be designed specifically for utility work. It delivers fastest drilling speed, more power, and it’s built for maximum control. It’s equipped with exclusive features, such as an elongated handle built to fit comfortably in the user’s hand while wearing high voltage safety gloves as well as a QUIK-LOK™ chuck, providing the industry’s only one-handed bit changes.

M18 FUEL™ Pipe Threader w/ ONE-KEY™

The M18 FUEL™ Pipe Threader w/ ONE-KEY™ revolutionizes pipe threading. Featuring AUTOSTOP™ kickback control, the tool protects against severe kickback. This, combined with the integrated side-grip for easier thread starts, delivers unrivaled tool control. The world’s first cordless pipe threader, threads faster than corded alternatives and delivers unmatched productivity.

M18 FORCE LOGIC™ 10,000 PSI Hydraulic Pump

The M18® FORCE LOGIC™ 10,000 PSI Hydraulic Pump is designed to be fully compatible with all existing 10,000 PSI rated hydraulic hoses and heads. Delivering the easiest set-up, at up to 80% smaller and up to 76 lbs lighter than gas units, the pump can easily be carried by a single person. Delivering 3X the flow rate of competitive cordless pumps; 24-second cycle times and up to 60 pressures on a single battery on 10,000 ACSR connectors, the pump provides gas-like performance.
